

Intermediate Admission Timeline: 2027–29 Batch

The month-by-month parent calendar from Class 10 to joining day — plan early, decide from strength.

November – January	Groundwork Start the group conversation at home (MPC / BiPC / MEC / CEC) with the student leading it. List what matters to your family: hostel vs day scholar, budget range, entrance target.
February – April	Shortlist during SSC exams Build a shortlist of 3–5 colleges across models. Attend counselling sessions now — good colleges counsel before results using expected performance. Phone counselling first for district families.
April – May	Visit & collect fee sheets Tour every shortlisted campus during working hours: classes in session, hostel, kitchen, test calendar. Collect a written itemised fee sheet from each. Run the five checks. Rank your top two.
Results week (May)	Confirm fast, not blind Take the marks memo to your first-choice college. Finalise the concession in writing. Confirm the seat — executing a decision you already made, never deciding at a counter under pressure.
May – June	Documents & joining SSC marks memo, transfer certificate, passport photos, Aadhaar, caste/income certificates if applicable. CBSE/ICSE: request the migration certificate early. Collect joining date, timetable and materials list in writing.
June onwards	Late but not lost Supplementary-exam students and late movers still find seats through June and beyond. Compress the process — calls, one visit day, decide — but never skip the written fee sheet.

Document checklist
