

The Intermediate Fee Comparison Worksheet

Compare up to three colleges on paper, not promises. Fill one column per college — only from a written, itemised fee sheet.

Fee component	College 1	College 2	College 3
First-year tuition			
Second-year tuition			
Entrance coaching (JEE/NEET/EAMCET/CA) Included or separate? Amount if separate			
Study material & question banks			
Weekly test series			
Board examination fees			
Hostel boarding + food (if residential)			
Transport (if day scholar)			
Uniforms / other one-time costs			
"What did last year's parents pay beyond the sheet?" (ask this!)			
Concession offered (in writing?) Conditions?			
Instalment schedule			
Refund policy (in writing?)			
TWO-YEAR TOTAL			

The five questions that reveal a college's honesty

1. Can I have the complete two-year fee structure in writing today?
2. What costs in last year's batch were not on this sheet?
3. What happens to the fee if my child leaves after one year?
4. Is the concession conditional — on what, exactly?
5. When are instalments due, and what is the late policy?
